

Spike Island

More information about our studios

Individual studios range in size from 176 to 833sq ft, with the majority of them between 200 and 400sq ft. Some studios are shared by two or more artists.

Studios currently cost £6.21 per sq ft. This includes VAT and all services including heating, WiFi and use of workshops.

Rent must be paid monthly by direct debit. A deposit of 2 months' rent must be paid in advance. Rents increase annually by 3% from 1 April with the cost of inflation.

Spike Island accepts applications for studio spaces and are reviewed by the selection panel. If successful, artists enter into the studio pool to take up sublets and studio spaces as and when they become available.
