DREAM AND MAKE

Welcome to Spike Island's Dream and Make Activity Pack. We have worked with artist and educator Laura Phillimore to find a way to bring regular Dream and Make workshops to you at home. Laura usually runs these workshops at Spike Island which some of you may have attended. Over the next few pages you can find some fun creative activities to do.

When you have made your artworks, we'd love to see them on your social media channel of choice.

HOME AS INSPIRATION

This activity requires you to look carefully at your surroundings.

Take a journey around your house and any outside space you might have.

Find 6-8 patterns that inspire you. Look closely at objects, textures on a brick wall, an old floor, anything that has a pattern and catches your eye!

Take a piece of A4 or A3 paper, and fold the paper in half and in half again to create a series of boxes.

Using pencils, pens and colour pencils, draw out your patterns.

Fold your paper....

...then add your patterns!

On your biggest piece of paper, draw from your imagination using your amazing patterns.

Experiment with pencil, pens and colour pencils.

An abstract collage artwork featuring a central rectangular frame. Inside the frame, there are various elements: a large orange shape with white diagonal lines on the left, a yellow triangle on the right, and several black and orange wavy lines. Outside the frame, there are more elements: a large black wavy line at the top left, a large black wavy line at the bottom, and several smaller orange and black shapes scattered around. The text "You could add some collage too..." is written in a dark grey font across the middle of the image.

You could add some collage too...

Use the templates to add your patterns onto a 3D shape.

CUBE TEMPLATE

Print these nets out
or hand draw your own.

PYRAMID TEMPLATE

Print these nets out
or hand draw your own.

Why not draw your own designs for objects to put in your home. Don't forget to add your amazing patterns!

Share your work with us!
